DISCUSSION:

1. **DISA BRAC Awareness Study:** Ladies and Gentlemen, we should feel very fortunate that we are working with a classy organization like the Defense Information Systems Agency (DISA). They are a pleasure to work with and they share relevant information with their customers! That said, this lengthy BRAC BIT contains, what we have determined to be, all relevant information from their latest awareness study. We are not sending out the study itself because of formatting issues. Again, all relevant questions and responses are contained in the other attachment. If you have any questions, do not hesitate to give us a call or send an email. Good perusing!
